Mapping Project Update

Ines Boechat (IB) reported that since the last meeting, the letters to the Society Representatives with the instructions for the countries represented by their Societies were distributed. 28 countries had responded to the survey at that time.

Joanna Brown (JKB) informed the group that she conferred with IPR meeting planners and learned that the WFPI would not be required to have survey results by the IPR abstract deadline. After short discussion, the group agreed to extend the survey deadline to April 1.

Jennifer Boylan (JB) reported that she was concerned that the WFPI organizations may not include every country in the world and suggested a review following the meeting. JKB commented that she was aware that the Middle East was not represented and she would follow-up with survey details.

Action:

[JB: Review world nations list to ensure all are included in the survey.](#)

[JB: Send Update to Society Representatives with new survey deadline of April 1.](#)

Committee Updates

- Outreach Committee – Hansel Otero (HO): No new updates since last meeting but the teleradiology platform is going well.
- Global Grand Rounds series from the MRI Protocol Committee in collaboration with SLARP – Guest, Dr. Camilo Jaimes Cobos provided an update: The following lectures have been broadcasted:
 - Radiogenomics Brain Tumors – Camilo Jaimes BCH 330 live/115 online views
 - Eovist – Hansel Otero CHOP 183/82
 - Fetal Chest – Teresa Victoria CHOP 135/55
 - Pediatric Hip – Diego Jaramillo Columbia 170/112

Additional Lectures scheduled:

2/20/2021	Monica Epelman, MD	Nemours	Mullerian Anomalies
3/6/2021	Jorge Davila, MD	CHEO	Evaluation of Response to treatment in brain tumors: RAPNO
3/20/2021	Alejandra Bedoya, MD	BCH	Normal MSK development
4/3/2021	Victor Ho-Fung, MD	CHOP	Pediatric Knee
4/17/2021	Maddy Artunduaga, MD	UT Southwestern	Renal Masses
5/1/2021	Pablo Caro	Seville, SPAIN	
5/15/2021	Mariana Meyer	Colorado	TTTS
6/5/2021	Emilio Inarejos	Barcelona, SPAIN	
6/19/2021	Artunduaga, Gee, Jaimes	Group	Panel on decreasing sedation

- These lectures have been stored on the WFPI platform and additional promotion would be appreciated.

ACTION: JB and SP: Through Facebook and Twitter Posts and the Newsletter, publicize the availability of this valuable content.

- TB Committee – Kushaljit Singh Sodhi/KSS: Dr. Sodhi no new report. JB and DB suggested that webinar lectures on TB would be valuable.
- COVID 19 Task Force – Edward Lee (EL) reported that the first survey study was published online and will appear in *Radiology* and a CV journal. The next focus will be on the COVID sequelae and doing a follow-up survey. Committee members will be able to develop a webinar for the WFPI series later this year.

Meetings

- IPR 2021
 - 10th WFPI Anniversary at IPR 2021 – Rome
 - A poster/presentation about the WFPI achievements, the international fellowships and adoption of MR protocols are also possible.
 - IPR organizers have asked how much space will WFPI need.
 - Consideration of transfer of WFPI leadership Options

ACTION: After some discussion, leadership asked JB to develop a series of options for the group to consider.

Upcoming WFPI meetings

- April 1, 2021
- June 3, 2021
- August 5, 2021
- IPR October 12 – 17, 2021

Newsletter

- Call for content –
 - JB reported that she had reached out to participants in the Observership program for updates and several were in hand.
 - Based on reports at this meeting, the next issue will also include updates on the webinar programs.

Staff Update

JB reported that Kim Pede had accepted a full time position and would no longer support the WFPI. JB suggested that a letter of appreciation be sent to Kim with a small token of appreciation. JB suggested a Starbucks gift card would be appropriate.

Action: JB will draft a letter for Kim for the leadership's review and approval.
